OLYMPIA CREDIT UNION
DIVIDEND AND BALANCE INFORMATION
Revised: November 1, 2011

DIVIDEND CALCULATIONS:

Dividends are calculated by the average daily balance method which applies a periodic rate to the average daily balance in the account for the period. The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period. Dividends accrue on cash and non-cash (check) deposits on the business day you make the deposit to your account.

Dividends are determined by the Credit Union's Board of Directors and are paid from current income and available earnings after required transfers to reserves at the end of the dividend period. The dividend period for each account is the same as the compounding and crediting period set forth previously in this disclosure. The dividend period begins on the first calendar day of each period, and ends on the last calendar day of the period. The APY assumes that dividends remain on deposit until maturity. Withdrawals or transfer of dividends will reduce the APY. Accrued dividends will not be paid on accounts closed prior to dividend payment date. For current dividend information please call 754-5559 or 800-550-5559.

TERM SHARE ACCOUNT INFORMATION:

The Credit Union will give the owner(s) at least 30 days notice prior to maturity. The notice will inform the owners of the terms, if any, under which the Credit Union proposes to renew the Share Certificate.

The Share Certificate may be closed without a penalty within the seven (7) day grace period following renewal, with the date of renewal being day one of the grace period.

The penalty for early withdrawal is:

6 month Term Certificate	penalty of 3 month's dividends
7-12 month Term Certificate	penalty of 6 month's dividends
13 months and over Term Certificate	penalty of 9 month's dividends

Penalties are calculated and subtracted from the certificate balance. If the penalty is greater than earned dividends the principal balance will be charged.

Term Share Accounts evidenced by a Term Share Certificate, excluding IRA Certificates, may be pledged as collateral security for any loan or loans with Olympia Credit Union only, subject to its then existing rules and regulations, by any or all of the owners, which shall be effective against all of them.

The Certificate is non-negotiable and non-transferable and may not be pledged, assigned or transferred to any party other than Olympia Credit Union.
